

Workshop: The “home factor” between caring for oneself, others, and the environment

Rome, March 7, 2025, Pontificia Università della Santa Croce (PUSC), 3-5 pm

Organizers: PUSC & HRF

Luca Valera (Universidad de Valladolid; Pontificia Universidad Católica de Chile)

The Oikos: Our home and environment

The home (*oikos*) is not only a physical space but also our broader environment, a foundation for our growth and flourishing. It represents the interconnected systems that sustain us—environment, communities, and shared resources. By caring for this environment, we nurture the conditions for personal and collective thriving. The *oikos* reminds us that our well-being is deeply tied to the health of the world around us.
